November 2006

Dear friends,

### CAN YOU HELP BUILD AN OPERATING THEATRE AND EDUCATE 3000 CHILDREN?

The trustees recently met with Philip Wood, an English doctor who is Medical Director of CME. It was really helpful to hear of the plans of the CME to start rebuilding. Up until now they have been using rented buildings and have been unsure about building their own until they had more stability and security. With the recent elections having passed relatively peacefully, CME would like to start building on the land outside Beni that they purchased last year. One of the projects is to create an operating theatre.

The current operating room is a rented house that has been adapted to provide minimal facilities for the 200 or so operations a month. The intensive care ward is about 100 yards up the road. The building plans incorporate an adjacent recovery room and intensive care ward. The budgeted cost for the Operating Room is £25,000. So far we have received £5,500. This a fantastic start since we haven't even told many people yet, so we feel sure that we should continue with this idea. We have not sought to raise funds to such a large extent before, and clearly we cannot do it without lots of support. If you would like to help, please see the forms below.

Left: the current operating room which is located in the house (below). The house is located on this road (bottom right). After surgery the patients are carried up the road to the intensive care wards.

The intensive care ward.

The making of bricks to build is an arduous task in Congo. However CME has already started making them. Below are some photos of those made so far?

The bricks have been moulded from the machine on the right and are now drying. Once dry they will be covered in wood and burnt for several days until they have been completely cooked

Another recent project that we have started is at Nyankunde where 3,000 primary children attend 12 schools because we provide £1,100 a month to pay 120 teachers a \$15 a month salary. The teachers are not getting any regular government support and the parents are unable to afford the fees necessary. We recently received these pictures of some of the children at their schools.

We have funds to keep the schools running until June next year but we would love them to stay open beyond that. It only costs £5 a year to keep a child going to school. If you would like to help, perhaps as a Christmas present to a friend or family member, please use the forms below. It would certainly make a child's Christmas !

Thank you so much for considering the people of north-east DRC.

Sincerely, on behalf of the Trustees,

Chris Almond

Date \_\_\_\_\_

**Notes**

**You must pay an amount of income tax and/or capital gains tax at least equal to the tax that the charity reclaims on your donations in the tax year (currently 28p for each £1 you give).**

**You can cancel this declaration at any time by notifying the charity.**

**If in the future your circumstances change and you no longer pay tax on your income and capital gains equal to the tax that the charity reclaims, you can cancel your declaration (see note 1).**

**If you pay tax at the higher rate you can claim further tax relief in your Self- Assessment tax return.**

**If you are unsure whether your donations qualify for Gift Aid tax relief, ask the charity. Or ask your local tax office for leaflet IR 65.**

**Please notify the charity if you change your name or address**
